G. *Supervision.* Outdoor fireplaces shall be under constant supervision by at least one responsible person of age 18 or older from the ignition of the fire until the fire is completely extinguished and embers are cooled so as to prohibit the fire from rekindling.

H. *Provisions for Protection.* A garden hose connected to a water supply or other approved fire extinguishing equipment shall be readily available for use.

I. *Wind and Weather Conditions.* Outdoor fireplaces shall be completely extinguished and/or not be operated when winds are blowing over 12 mph and wind direction will cause smoke, embers, or other burning materials to be carried by the wind toward any building or other combustible materials. Outdoor fireplaces shall not be operated when weather conditions are extremely dry.

J. *Maintenance.* The owner is responsible to ensure proper maintenance and care is accomplished in accordance with manufacturer's instructions. At the minimum, the outdoor fireplace will be checked regularly for the appearance of cracks and other physical deterioration or loose parts.
